# ABOUT *us*

Evangelists Steven & Michaela Hurlburt have been preaching the Gospel full-time since 2012. They have worked with and traveled alongside several seasoned ministries, which have influenced and honed their skills in ministry. In 2018, they established their own evangelistic ministry and traveled throughout North America, the Caribbean, Africa, and Europe. At the command of the Lord, they laid down their ministry to support another in planting a work in Southwest Florida. During that time, they were trained in television ministry, helping to host live broadcasts and revivals, and preaching live, sometimes daily, reaching audiences across three continents. After two and a half years, the Lord's mission for them there was completed. The church successfully finished three building projects and has quickly grown into a thriving body of believers.

Now, at the direction of the Lord and fully dependent upon Him, they are answering the call of God back into evangelistic ministry, commencing the next phase of their work.

In April 2024, they founded Good News Ministries International, whose sole purpose is to reach those who have never heard the Gospel of Jesus Christ. They have conducted crusades and local outreaches in North America, the Caribbean, and Africa. They are dedicated to winning the lost at any cost and utilizing every available avenue and medium to do so. Their heart is to revive, support, and train the body of Christ to engage in similar efforts. They are committed to aiding the growth of the local church through evangelistic endeavors, revival services, missions opportunities, and the discipleship and evangelism training classes they provide.

# ***THE SPECTACULAR IN*** *Saint Lucia*

When the Lord first opened the door for us to preach in St. Lucia, it was at a very small church in the mountains. As I was on my way to the Sunday morning service, with the Pastor, we were notified that his wife was rushed to the hospital. I didn't know the details other than it was a life or death situation. As I began to minister, there was an urgency to pray for the situation. While praying, the Lord gave a word that was, **"COMPLICATIONS BECOME UNCOMPLICATED NOW!"**

We marked the time down, when the word was released, and I continued to minister. About fifteen minutes later the Pastor received a call and rushed out of the service. Not knowing what was going on, I continued preaching my message until I was done and then closed the service. I shortly found out that it was not the wife's life that was in danger but the life of their unborn child. Her water had broke and the baby was extremely premature. Due to the conditions in St. Lucia there was little to no hope, in the natural, of saving the child. Before performing an emergency c-section, the doctors examined her once more and saw that her womb had miraculously re-filled with fluid so they began running tests! They then decided to call her husband and have him come to the hospital. After monitoring her for about an hour, they confirmed the miracle, and released her! Both the Pastor and his wife were able to meet me for lunch following the Sunday service!

## **THE LORD SAVED THEIR PRECIOUS BABY BOY!**

Word from that miracle began to spread across the island. God continued to move mightily that week, in that small church, and on the final Friday night service we were praying for all of the sick and anointing them with oil. The second lady in line, to be prayed for, had a serious condition. Her hand was rotting away and the doctors had her scheduled to have it amputated. Seeing this condition shocked me, so I prayed, anointed her with oil, and began to move her along with the line.

At that moment, I heard what seemed to be an audible voice shout, “Work the miracle!” So I then asked the lady to come back and continued to pray for her. After five minutes of working her withered hand, in its’ boney shriveled state, something happened! She pulled her hand back like lightning hit her and her eyes got big! I asked her what happened. She simply looked at her hand and began to move her pinky finger, then the rest of her fingers which had been withered and paralyzed. Before she left that night she was shaking and squeezing my hand and was able to give me a high five.

# THE *Dominica* DEMONSTRATION

**Shortly after preaching in St. Lucia,** we were invited to preach in Dominica, another island in the Caribbean. Again, we were invited to preach in a small church but the Lord did great things in the lives of the people there and word began to spread from those services! Some of the Carib people heard about what the Lord was doing and asked if I would visit and pray for their chief, if he was willing. The Lord moved on his heart and he was willing to have me come, so I had the honor of sitting with Charles Williams who is chief of the last indigenous tribe in all of the Caribbean. He had been resistant to the Gospel for decades and was known to be an alcoholic and an angry man but the Lord softened his heart that day. After sharing the Gospel with him, he surrendered his life with tears in his eyes and received Jesus Christ as Lord and Savior! God turned a hardened man into a humble and smiling Christian. From that moment, we began planning to come back and have an open air crusade.

In mid March of 2020, we had planned our crusade starting in Dominica, then going to St. Lucia, not knowing what was about to take place in the world. In the week leading up to the crusade, everything was going according to plan. The Lord impressed on our hearts to go live on radio across the island, from the crusade. So we rented our first radio air time in ads that went out that week. Unlike other countries, the radio is still a main form of communication on the island so every family listens.

News about the crusade sparked a buzz across the island as well as the news of Covid 19, and we started receiving some pushback, but we continued forward. The day of the crusade had finally come and that afternoon the Prime Minister of the island tried to stop the event after hearing that we would be praying for the sick and giving away thousands of dollars in prizes as well as paying people's bills.

He made an announcement, across the island, that the crusade was dangerous to attend advising citizens to not come out. That announcement then escalated to another one where he said that the crusade was canceled. We stood through this attack and continued to set up. A few hours before the crusade was scheduled to start, thousands of people began lining up to attend. Although police were driving through the streets trying to chase people away, waves of people kept coming onto the field.

Shocked by what was taking place, I called some of my spiritual authority and the consensus was to not say anything from the microphone until starting at the scheduled time. I patiently waited until our start time and watched as the Prime Minister's announcement was causing many people involved with the crusade to leave the field, including the worship team, some volunteers and local Pastors. Just before start time, the radio station arrived, set up and got us live on the radio.

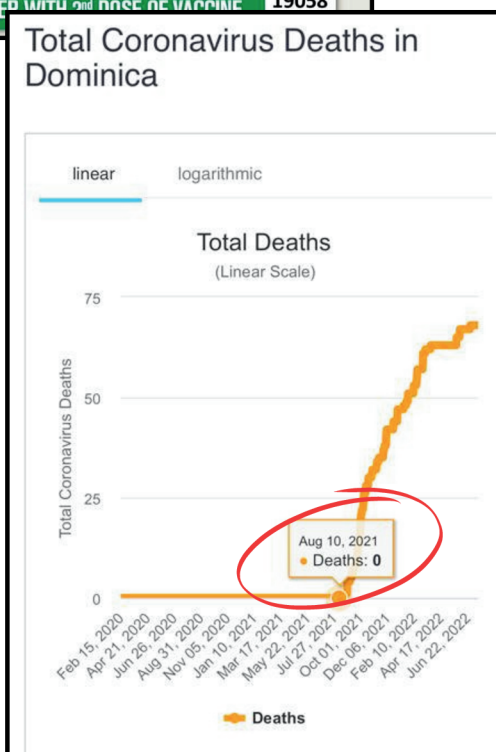

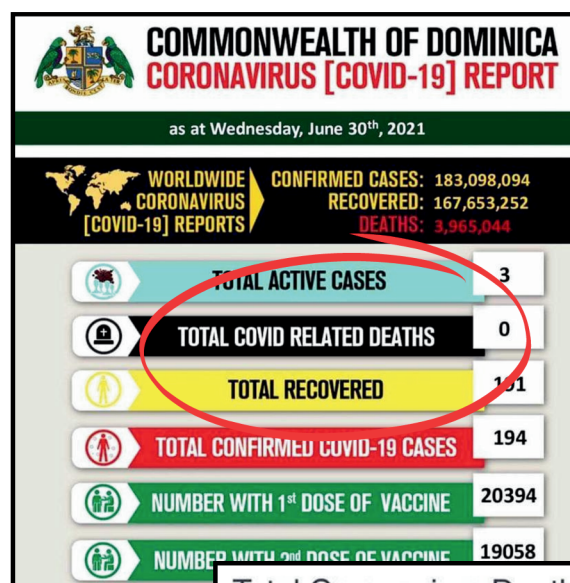

I opened the crusade with around 800 people spread across the field and by the wisdom of God we were speaking in every home via radio!

After addressing the Prime Minister's announcement concerning the crusade, I quickly began to preach the Gospel message with all of my heart and gave an invitation to receive Jesus. I led those on the field and those listening by radio in the prayer of salvation and immediately after the gift of faith hit me like a lightning bolt. I began to declare the Word of the Lord over Dominica, prophesying that not one person would die from Covid that year. As I made that declaration, I stomped my foot on the stage and a major knee injury, I would have needed surgery for, was instantly healed! I took that as a sign that the Lord would confirm His word.

Over a year later, we remembered the word of the Lord over the island so we began to do research. We found that, in 2020, Dominica was the only country in the entire world where not one life was lost because of Covid 19!

The Lord had confirmed His word over the Nation of Dominica but the miracle didn't stop there. It continued into 2021 and that word from the Lord stood until August 10 of that year, which happens to be my birthday!

I believe that was a thumbs up from the Lord, for standing in faith when fear tried to grip the earth. Still to this day, the deaths that have occurred on the island were not caused by Covid 19 but from vaccine complications. His Word never fails!

# SPREAD THE GOOD NEWS BY BECOMING A PARTNER!

*"Not that I seek or am eager for [your] gift, but I do seek and am eager for the fruit which increases to your credit [the harvest of blessing that is accumulating to your account]. But I have [your full payment] and more; I have everything I need and am amply supplied, now that I have received from Epaphroditus the gifts you sent me. [They are the] fragrant odor of an offering and sacrifice which God welcomes and in which He delights. And my God will liberally supply ([i]fill to the full) your every need according to His riches in glory in Christ Jesus."* Philippians 4:17-19 AMPC

## YOUR GIVING HAS ETERNAL IMPACT → AND ETERNAL REWARD!

When you partner with us, your giving sends us out to preach the Gospel of Jesus Christ and equip others to do the same! We are dedicated to winning the lost and aiding the growth of the local church through evangelistic endeavors, revival services, missions opportunities, and discipleship and evangelism training classes. **We appreciate your support of this ministry and believe Philippians 4:19 over your life!**

# WEST VIRGINIA WONDERS

In April of 2021 the command of the Lord came to us to lay our ministry down, for the time being, and to help lift up the hands of another ministry in South Florida. Before moving from West Virginia, we decided to have a crusade in the town of Bluefield, an area where many are impoverished and forgotten. Working with the wonderful Pastor and congregation from East River Church, we saw over 3,000 people in attendance! We partnered with Feed the Hungry and had a semi truck load of food to give away, as well as 500 backpacks, school supplies, and thousands of dollars in other material goods.

We saw the Lord do many miracles that night, including heart defects being healed (that had previously prevented any form of physical exertion),

spines being corrected, as well as a paralyzed child getting out of his wheelchair and start running with the other kids! Another miracle was one of provision. By the direction of the Lord, we had decided that we were going to lead the crowd in communion. After making this decision, we noticed that there were two extra pallets on our Feed the Hungry truck that were not on the inventory, one of plain crackers and the other of grape juice!

The crusade was held at a local amphitheater that was a bit of a downhill walk to get to. Because of this, we provided golf cart rides to the handicapped and had them seated together on the grounds. At the end of the night, the Pastor who was personally helping drive the handicapped on the golf cart, came and told us how every single person that he

drove down to the field, except for the lady he currently had in the golf cart who denied Christ that night, walked back up the hill of their own accord healed by the power of God!

We saw over 700 men, women, boys, and girls come forward to receive Christ that night and many in the crowd also prayed the prayer of salvation!

## ST LUCIA | JUNE 2024

During our most recent trip, we had great favor with securing three stadiums and are now planning to have a nationwide campaign! Many churches are in support of the crusade, including the Pentecostal Association of the West Indies. We also got to spend time with Bishop Eristhee from Victory Pentecostal Church and see his new mobile outreach truck! We held meetings at Shepherd House International with Pastor Kwame and saw the Lord do incredible miracles! By the end of the meetings we ran out of chairs for people to sit and had to seat them on the platform. We trained the Church in Personal Evangelism and took them out on the streets. A total of 307 people made commitments to Christ that week, in the meetings and on the streets!
